BLAZING CRAFT TRAPS FLYERS WHO FALL AT FORD AIRPORT

ONE MAIL PILOT

Three-engined Type Ma-
chine Plunges to
Ground.

DETROIT, May 12.—Two
men were burned to death today
when a Ford tri-motor plane
crashed to the ground at Ford
airport and burst into flames.

One of the victims was iden-
tified as William Munn, Farming-
ton, Mich. The other was E. K.
Parker, Dearborn, Mich.

First Flight as Pilot.

The plane was a Ford all metal
three-engined type used for mail
transportation.

Munn was about to take off for Bu-
falo with the air mail. It was his
first flight as a regular mail pilot. He
had just graduated from the Ford
training school.

Few persons were on the field
when the plane crashed. The first
to arrive at the scene found a plane
a charred mass of ruins with its two
occupants underneath.

When the bodies were taken out,
they were burned beyond recognition.

2 Wars, Oil and Asiatic.
He Worked With Ford.
Mr. Hughes on Monroe.
To Protect Husbands.

By ARTHUR BRISBANE

(The opinions expressed in this column are
strictly those of Mr. Brisbane and not neces-
sarily in consonance with the policies of The
Review.)

JOHN D. Rockefeller, Jr., invited
Robert W. Stewart, head of Standard
Oil of Indiana, to resign. Stewart, his
friends say won't resign, and "Wall
Street" says, "war coming in Standard
Oil ranks."

UNLESS the Rockefeller family has
changed, that war will be like an ex-
press train meeting a small automobile
at a crossing. When "an irresistible
force meets an immovable obstacle"
is the immovable obstacle apt to move,
if the irresistible force happens to be
the combined resources of the Rocke-
fellers and their friends.

A LITTLE war, starting between
China and Japan, may become big war.
You never can tell what will happen
when a lighted match is dropped in a
forest.

Enough has happened already to
show the difference between Japan and
China. The French have a saying,
"Comme on battra la Chine," "like
beating China." According to the
French, beating China is the easi-
est thing in the world. Japan did it
exactly the last time. Millions of Chi-
nese didn't even know the war had be-
gun.

However, Chinese are brave, and
murdering each other. North fighting
South, they have learned things they
did not know before.

"Let him not boast that putteth
his armor on."

"IN THE early days" not long ago, 2
men stood shoulder to shoulder at the
workbench of a little shop in Detroit.
One of them, with a keen, thin face,
"was always thinking." That was
Henry Ford. The other, David Gray,
died Thursday in Santa Barbara, leav-
ing a fortune of millions that will be in-
creased two or three millions, thanks
to a recent income tax decision.

HENRY FORD works on, starting
in the automobile business all over
again, with a new car, planning a new,
more powerful tractor, working on
new ideas that will mean millions for
a few, good wages for many.
Fortunate were many, close to Ford
"in the old days." Fortunate are all
that think as they work.

CHARLES EVANS HUGHES renders
public service in his lecture tour,
"Relations to the Western Hemis-
phere." Mr. Hughes shows enemies
of the Monroe doctrine that they are
all enemies of this country and this
continent. The Panama Canal and
aviation make that doctrine, "Essen-
tially defensive, threatening none, a
safeguard with which no responsible

MALTA CHIEFS WILL ATTEND OHIO CONCLAVE

Supreme Commander
and Recorder to be
Guests.

TWO-DAY MEET

Pre-convention Rally
to be Held Here
Monday.

Supreme Commander Rev. Frederick
S. Benson, Bloomsburg, N. J., and Su-
preme Recorder Frank Gray, Phila-
delphia, will be guests at the eighth
annual convention of the Ohio Grand
Commandery Knights of Malta, which
will be held here Tuesday and Wed-
nesday. Rev. Benson, who is a Metho-
dist Episcopal minister, and Gray, who
is now in Cleveland, are expected to
arrive here Monday.

Complete program was announced
today by the convention committee of
which Howard L. Steel is chairman.
The visiting delegates, numbering
approximately 200, will be welcomed
at a pre-convention session which will
be held in the Knights of Malta hall,
Carnegie cafeteria building, at 8
o'clock Monday evening. Addresses
of welcome will be delivered by Mayor
Ralph C. Benedum and Attorney W. H.
Vodrey, while responses will be made
by James H. Williams, Martins Ferry,
Cleveland, grand recorder, A. C. Stafford,
Cleveland, grand commander. A musical
program will follow. Charles H.
Watson, this city, chairman of the re-
ception and entertainment committee,
will preside.

Memorial Service
Registration of delegates will take
place at 9 o'clock Tuesday morning.
The grand commandery will open at
9:30 a. m. and at 10 o'clock the past
commandery degree will be conferred.
At 10:45 o'clock the visitors will be
taken to Newell where they will in-
spect the new Nos. 6 and 7 plants of
the Homer Laughlin China company.
The grand commandery will recon-
vene at 1:15 o'clock in the Knights of
Malta hall. Following roll call of of-
ficers and representatives and reading
of minutes, a report will be received
from officers and committees. At
3:30 p. m. a memorial service for de-
ceased members and also for Grand
Sword Bearer Thomas Bryce, Cleve-
land, who died last October, will be
conducted. This service will be open
to the public.
Supper will be served in the Potters'
hall, West Sixth street, at 5 o'clock
by members of Tri-State Sisterhood,
Dames of Malta.

Liberty.

Earl McKinnon 31, Erie street por-
ter, was shot and seriously wounded
by Patrolman Albert W. Oyster in
Wellsville at 9:30 o'clock last night
while fleeing from police who had at-
tempted to arrest him upon a delin-
quency charge.

With a bullet wound in his back,
McKinnon is said to have walked to
East Liverpool, then crossed the Ohio
river bridge to Newell where he is
employed in one of the potteries. Later
he went to the home of Dr. V. E.
McEldowney, Jefferson street, seek-
ing medical attention. He was re-
moved to the City hospital by the
Newell physician.

McKinnon, according to police, was
visiting at the home of Mrs. Edward
Fleisch, Seventh and Washington
streets, Wellsville, last night when
Chief John Fultz appeared with a war-
rant for his arrest. The warrant was
issued, police said, after Edward
Fleisch had signed an affidavit, charg-
ing McKinnon with contributing to the
delinquency of a minor daughter.

Fultz was told that McKinnon was
not in the house but a few minutes
later the quarry was found hiding in
a vacant room. Fultz started for the

they reached the street McKinnon
broke away from the officer and ran
toward his automobile which was
parked in Commerce street. Fultz is

Uninstructed and "Doubtful" Delegates Will Hold Whip-Hand at G. O. P. Convention

BY GEORGE R. HOLMES.
WASHINGTON, May 12.—One
month from today, on June 12,
the Republicans foregather at
Kansas City to nominate a can-
didate for the presidency.

Most of the 1089 delegates have
been chosen. Only a handful of
states are yet to select their rep-
resentatives for the quadrennial
drum. Many of the delegates
have been instructed or com-
mitted, but a survey of the field to-
day disclosed that at Kansas City,
as elsewhere in other years, the
uninstructed and "doubtful" dele-
gates hold the whip-hand.

A month before the curtain
rises, Herbert Hoover is within
striking distance of the nomina-
tion. He has by far the most com-
mitted delegates. The most reli-
able tabulation available in Wash-
ington gives him 350 as of today,
and he probably can count upon

WEAR CARNATIONS
Pastors Announce Top-
ics for Special
Sermons.

East Liverpool churches and one
lodge will observe Mother's day to-
morrow.

In keeping with a nation-wide move-
ment, members of East Liverpool
Aerie No. 457, F. O. Eagles, have ar-
ranged for a ceremony which includes
a parade followed by an exhibition
drill by the degree team in the Di-
amond. Members of the degree team
will appear in new uniforms.

The procession headed by the na-
tional colors and the lodge band will
form at 2 o'clock. Next in line will
come the degree team, followed by
members of the order, wearing white
carnations, in honoring motherhood.
The exhibition drill will take place at
2:45 o'clock.

Special sermons will be delivered
by pastors. The observance in most
churches will be at the morning ser-
vice.

Sermon topics are:
First Methodist Episcopal church,
Dr. Warren O. Hawkins, pastor—11 a. m.,
"Mother of Men."
Oakland Free Methodist church,
Rev. John Douglass, pastor—11 a. m.,
"Our Debt to Motherhood."

CIVIC MUSIC ASSOCIATION OPENS MEMBER DRIVE MAY 21

Goal for 1928-29
Season Fixed at
1,000.

FIVE-DAY MOVE

One Hundred Women
Will Co-operate in
Canvass.

Five-day campaign for 1,000 mem-
bers for the 1928-29 concert season
will be launched by the East Liver-
pool Civic Music association on Mon-
day, May 21.

Approximately 100 women workers
will solicit renewals and new mem-
bers. Membership fees will be \$5.00
for adults and \$3 for children. Cam-
paign headquarters will be main-
tained at the Smith & Phillips music
store, Washington street.

First meeting of the team captains
will be held next week when plans
for the drive will be discussed.

The Civic Music association was
organized in 1924, its purpose being
to bring to East Liverpool artists who
ordinarily appear only in the larger
cities. Approximately 800 members
were enrolled last year.

Present officers are: Mrs. J. M.
Wells, president; Mrs. Robert T. Hall,
vice-president; H. B. Barth, secretary,
and Miss Mary Irwin, treasurer.

Three concerts are given each sea-
son, a membership ticket entitling
the holder to admission to each offer-
ing.

Among the attractions which have
appeared on the association's pro-
gram since its organization were the
Russian Symphonic choir, New York
String quartet, Denishawn Dancers,
Chicago Little Symphony Orchestra,
Mischa Elman, Claudia Muzio, Charles
Marshall, Cyrena Van Gordon, Philip
Manuel, Gavin Williamson, Jessie
Isabelle Christian, Edith Mason,
Caesere Formich, Glenn Drake, Mary
McCormick and Jose Echaniz.

FOUR BANDITS STEAL \$1,774

Masked Men Flee
After Cincinnati
Hold-up.

CINCINNATI, O., May 12.—Four
masked bandits today held up and
robbed C. J. Hogan, paymaster of the
United States Electric Tool company,
and Frank Smith, an employee, of
\$1,774 payroll at 10:30 o'clock this
morning. They escaped in an auto-
mobile.

The robbery took place just as
Hogan and Smith were nearing the
plant of the company from a bank
with the weekly payroll. The four
bandits jumped from an automobile at
the curb and ordered them to surren-
der the bag containing the payroll.
Hogan and Smith offered no resist-
ance, but rushed into the company
offices as soon as the robbers sped
away and notified police.

"Hurrah! Whoop!" "Come on

Hastening feet, smiling faces, laugh-
ing children and gracious chaprond
dads, mothers, older sisters and broth-
ers, even Grandpa and Uncle, formed
the ensemble that greeted the first
of the trains bearing the Gentry
Bros. circus, as it pulled into the
Pennsylvania railroad yards shortly
after 6 o'clock this morning.

It is the first circus of the year,
and unusual interest was manifested
in its coming, for through its career
of 40 years of entertaining the pub-
lic, Gentry Bros. Circus has estab-
lished a reputation for the high class,
clean and exceptional entertainment
presented.

Flourishing around in the mud,
muck and mire of the clay country
roads and by-ways of Indiana, 40 years
ago May 3 (1888) the Hoosier state
circus kings began their career as
full fledged "big top" owners. The
property of the original Gentry Cir-
cus consisted of eight ponies, two don-
keys, 15 dogs, four monkeys, a small
tent and the equipment utilized in car-
rying and transporting the "cross
roads" organization were the hay
racks of the framers, which were en-
gaged to move the show from town
to town. Each year found the show
enlarged, and in 1893, Gentry Bros.
purchased their first elephant, which
is still with the circus, the largest of
the herd and who will shortly cele-
brate his eighty-sixth birthday.

First Railroad Show in 1896.

The first railroad show operated
was in 1896 when they purchased the
cars of the defunct Sells & Barrett
circus at sheriff's sale in Kentland,
Ind. This purchase was significant
of the purposes of these showmen to
improve their show and that they in-
tended remaining in the circus and
leave the tasks of the farm to ten-
ants whom they had engaged to till
the 210-acre tract, which in the win-
ter months was the circus home.

In 1898 Brothers organized their
second show and this was the first
circus to appear in Mexico and
South America. Under the guidance
of Henry B. Gentry the two shows

TROY, N. Y., May 12.—
Charles J. Olson, Jr., 18-year-old
and six feet one inch in height,
of Worcester, Mass., high
school, last night won the inter-
national oratorical contest na-
tional semi-finals in competition
with nine other young men and
women representatives of seven
states in the northeast section
of the United States.

No First Ballot Decision.

Judges were unable to arrive at an
unanimous decision on their initial
ballot, each of the three judges vot-
ing one first place to Olson, Miss Ro-
berta F. Powers, of Morrisville, Vt.,
high school, and Harry Emmons
Glass, of Ottawa Hills' high school
Grand Rapids, Mich. In the matter of
low points totalled for each of the
three contestants receiving a first
place award, there was as wide a di-
vergence of opinion among the judges
as the first position balloting indicat-
ed.

There then remained but one thing
for the judges to do, under the rules
governing the international contest.
They had to go into conference and
select the winner from among the
students receiving a first place award
and the low totals in point computa-
tion.

When this was done the judges
made the award for Olson unanimous.
The young Michigan student was
awarded second place, which makes
him alternate in the Northeast United
States zone. No other positions were
decided, none being necessary.

Nixon Smiles in Defeat.

Delbert Eugene Nixon, of Toronto,
Ohio, high school, the all-Ohio cham-
pion, met defeat at the hands of stu-
dents admittedly his superior in the
matter of oral scholastics. And he
went down to his defeat smiling, like
a true sportsman. He was first to
reach young Olson and offer his con-
gratulations and express the hope
that the Massachusetts young man
comes home victor in the national
competition two weeks hence at Wash-
ington and the international contest
next October.

There isn't any question of the su-
periority of young Olson, or of young
Glass, or Miss Avis June Goyer, of
Kokomo, Ind., the Hoosier state re-
presentative, or of Miss Elizabeth
Cecelia Stetman, of Portland, Mo.,
high school. They are finished or-
ators, with poise, with personality,
with the courage of the convictions,
and with an ability to present logi-
cal arguments, maintain the proper
sequence of thought and carry an au-
dience along with them.

Winner to Study Law.

Young Olson chose for his subject,
"The Constitution An Appreciation."

GENERAL ELECTRIC Refrigerator

You will notice that the General Electric Refrigerators are unusually roomy. The model illustrated—designed for an average family—has twelve square feet of shelf area. This means that you have a shelf a foot wide and twelve feet long to store your food. In no other refrigerator can you get such great shelf area for the same over-all size.

The General Electric Refrigerator has no belts, fans or drain-pipes. It is unusually quiet. It never needs oiling. All its machinery, and a permanent supply

of oil, are enclosed in an air-tight steel casing. All the assembling is done at the factory, where it is tested and re-tested. We never see the machinery—you never see it. Quietly, automatically, it does its every-day job....and does it well.

For fifteen years the scientists and engineers of General Electric worked to perfect this refrigerator—to make it simple, quiet, economical to run. How well they have succeeded you will realize when you come in and make a careful study of all the models.

ANGLO-EGYPTIAN TROUBLE SOLVED

The friendly tone of the note in which Premier Nafas Pasha, right, replied to the demands of Great Britain that the public meeting bill be withdrawn from the Egyptian legislature, is thought to have avoided an open rupture between the countries. Sir Austen Chamberlain, left, was one of the leaders in England who insisted upon England's right to interfere in Egyptian legislation.

PREDICT VETO OF FARM BILL

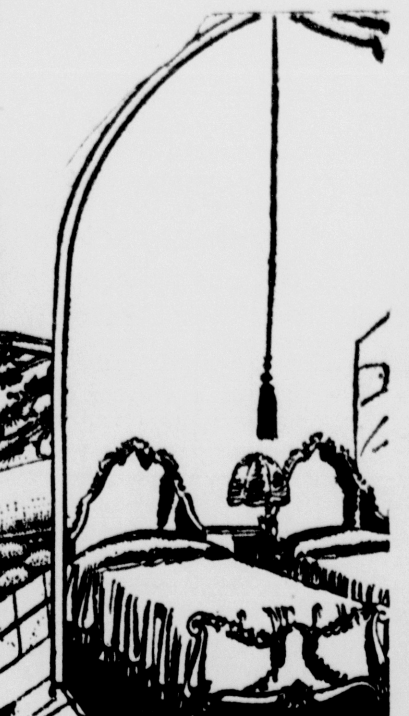

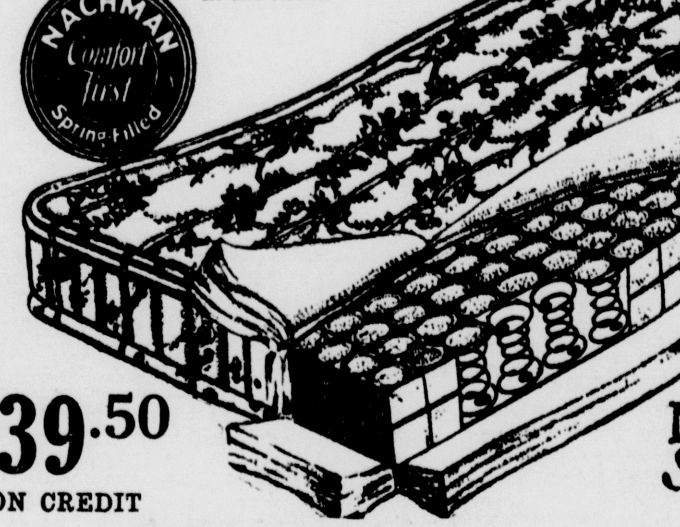

WASHINGTON, May 12.—The McNary-Haugen farm relief bill will reach President Coolidge's desk about May 15, it was indicated today. A veto probably awaits it.

The conference report, embodying a compromise between house and senate on provisions in dispute, was to be presented to both houses today and acted upon Monday.

Since little difficulty was encountered by conferees, pilots of the bill predicted adoption of the conference report without much opposition.

Sunday School Lesson THE AUTHORITY OF JESUS

Golden Text—Behold, thy king cometh; he is just, and having salvation.—Zech. 9, 9.
Mark 11, 1-10, 15-18.

1 And when they drew nigh unto Jerusalem, unto Bethphage and Bethany, at the mount of Olives, he sendeth two of his disciples,
2 And saith unto them, Go your way into the village that is over against you; and straightway as ye enter into it, ye shall find a colt tied, whereon no man ever yet sat; loose him, and bring him.
3 And if any one say unto you, Why do ye this? say ye, The Lord hath need of him; and straightway he will send him back hither.
4 And they went away, and found a colt tied at the door without in the open street; and they loose him.
5 And certain of them that stood said unto them, What do ye, loosing the colt?
6 And they said unto them even as Jesus had said; and they let them go.
7 And they bring the colt unto Jesus, and cast on him their garments; and he sat upon him.
8 And many spread their garments

upon the way; and others branches, which they had cut from the fields.
9 And they that went before, and they that followed, cried, Hosanna! Blessed is he that cometh in the name of the Lord.
10 Blessed is the kingdom of our father David; Hosanna in the highest.

15 And they came to Jerusalem; and he entered into the temple, and began to cast out them that sold and them that bought in the temple, and overthrew the tables of the money-changers, and the seats of them that sold the doves.
16 And he would not suffer that any man should carry a vessel through the temple.

17 And he taught, and said unto them, Is it not written, My house shall be called a house of prayer for all nations? but ye have made it a den of robbers.
18 And the chief priests and the scribes heard it, and sought how they might destroy him; for they feared him, for all the multitude was astonished at his teaching.

PENNSY SYSTEM, N. Y. C. FIGHT MONTGOMERY ROAD

Two Trunk Lines
Oppose Proposed
Branches.

HEARING MONDAY

Company President Out-
lines Plans for
Carrier.

Proposed construction of two branch lines, connecting the Ohio river and the Youngstown steel district by the Montour Railroad Company, hearing on which will be conducted by the finance division of the Interstate Commerce Commission at Washington, Monday, will be opposed by the Pennsylvania and New York Central railroads, two of the four trunk lines operating into the Mahoning Valley.

Officials of the Erie Railroad Company have already announced they would not oppose the plan while the Baltimore & Ohio railroad is also expected to take a similar stand. The building of this line would bring the Youngstown district within 35 miles of the Ohio river over which steel manufacturers would be able to secure coal shipments at a reduced freight rate and also to make shipments of steel to down-river points at lesser cost.

H. J. German's Statement.
H. J. German, president of the Montour Railroad Company, Pittsburgh, yesterday issued the following statement relative to the proposed branch line which will be part of the Pittsburgh, Lisbon & Western railroad:

"On Monday morning the finance division of the Interstate Commerce Commission will commence hearings at Washington on two applications of vital interest to Pittsburgh.

"Extending from New Galilee, Pa., in Beaver county to Lisbon, a distance of about 25 miles, is the line of the Pittsburgh, Lisbon & Western railroad. The Montour railroad, owned by the Pittsburgh Coal company, and a carrier which serves the Pittsburgh coal fields, is asking the Interstate Commerce Commission to approve its acquisition of the outstanding stock and the controlling interest of this Pittsburgh, Lisbon & Western. Simultaneously the Pittsburgh, Lisbon & Western seeks from the commission authority to construct two branch lines of railroad. One of these it is contemplated will run from Negley, down to the Ohio river at Smith's Ferry, Pa. The other will run from Mill Rock on the present Pittsburgh, Lisbon & Western, up into the Youngstown steel manufacturing district.

Plan Barge Line.
If these proposals are permitted to be actualities by the interstate commerce commission, the result will be a new north and south railroad line putting Youngstown within about 35 miles of the inland waterways of the Ohio river system.

"Back of this proposal is a project to make an even more effective use of the government's development of the Ohio river system, including the Allegheny and the Monongahela. The

proposal contemplates that the coal of Western Pennsylvania, which lies contiguous to the river system, will be moved down the river by barge to Smith's Ferry, there transferred to the projected railroad and moved into the steel manufacturing district in Youngstown and vicinity. The same railroad line will then permit the movement of the manufactured steel products of the Youngstown territory back to the river where they can be transferred to the river for movement into the South and Southwest.

"The railroad projected, in a way supplements the river project of the United States government. In other words, private capital proposes to invest something like \$8,000,000 in a new railroad in order to supplement and utilize more fully the investment of over \$100,000,000, by the federal government in the Ohio river system.

"All this will better enable the steel manufacturers of this Eastern territory to compete in the extensive markets of the South and Southwest and incidentally the greater use of the river should result in a greater production of Pittsburgh district coal, to the advantage of this territory, which now greatly needs such opportunity for rehabilitation. Incidentally the new construction proposed between Youngstown and the river will open up the intermediate territory, where there is now situated a very extensive clay manufacturing district. It will also afford rail connection for the development of a new manufacturing section in the Youngstown district, now substantially without rail facilities.

Increase is Expected.

"Few people, even in Pittsburgh, where river transportation is a matter of everyday occurrence and common knowledge, appreciate the extent to which river transportation has grown in recent years. The projects of the government for the complete canalization of the Ohio down to where it meets the Mississippi at Cairo are rapidly approaching completion. With these projects completed this river system will have almost unlimited capacity, and it is but reasonable to assume that in the years ahead a development of commerce on the river will be just as great as in the recent past.

"The statistics of the army engineers show that through the lock-and-dam system of the Ohio the tonnage movement has almost trebled in the past six or eight years and is ever widening in its usefulness to the public in the commodities being transferred to river which formerly moved only by rail almost daily.

"The project of which the Interstate Commerce Commission will learn in detail beginning Monday next is part and parcel of this river development, and as this river system is part and parcel of the development of Pittsburgh the project is one of vital interest to this community and the decision on the matter will be awaited with great interest."

It has been learned that much of the silk smuggling which is prevalent along the south coast of England is done by people who use steamers making day trips to French ports.

Week of Opportunity At Ceramic Theatre

WJAS Radio Star Will
Assist Master of Ceremonies in Staging
Nightly Program With
Feature Acts.

Opportunity Week—giving every East Liverpool resident more than 16 years of age an opportunity to prove his or her stage ability—will be observed at the Ceramic theatre next week in conjunction with the presentation of two feature pictures, Paramount News, clever comedy and professional vaudeville.

Two hundred dollars in cash prizes will be given performers. Awards of \$10 and \$5 will be made at each night show, while first place winners will compete for "rand prizes of \$25, \$15 and \$10 at the 9 o'clock show Friday night. In addition, a special opportunity matinee for children, with \$50 in prizes for winners, will be given Saturday afternoon.

Dick Ware, of Pittsburgh, assisted by Ukulele Pat Haley, WJAS radio star, will be master of ceremonies. John Coleman will act as booking manager.

"Easy Come, Easy Go," Richard Dix's latest starring vehicle, which is a fun classic, will be the screen feature for Monday, Tuesday and Wednesday.

With Nancy Carroll, the youthful star who made such a hit in Paramount's presentation of Anne Nichols' "Able's Irish Rose," as his leading woman, Dix offers a lively, laugh-provoking characterization of a young man unwittingly made the accomplice of an accomplished crook.

Charles Sellen, whose screen career has been a series of clever supporting parts, has the important role of Jim Bailey, the veteran crook, with whom Dix becomes involved. The part calls for an unusual amount of fine acting in the humorous twists

which the situations demand. The romance motive in the picture develops early and continues throughout the various sequences. Arnold Kent, therefore, as the third member of the love triangle, is much in evidence and very effective. Frank Currier has the part of the bank president and Christian J. Frank, Joseph J. Franz and Guy Oliver have important places as the two detectives and the train conductor, respectively.

The plot is entirely comedy with a wealth of action and comedy situations happening in natural sequence. This latest Dix picture, "Easy Come, Easy Go," is a companion piece to Dix's recent successful comedy, "Sporting Goods," and is the second Dix picture this year.

IN MEMORIAM.

At a meeting of the board of directors of the Putters National Bank, the following minute was ordered spread upon the record:

Looking on life with serenity, with confidence, and above all with fine simplicity, William Willard Harker lived and served his community. In his death, this bank and this community suffers a loss which cannot be soon replaced.

For twenty nine years as a Director, and for nineteen years as its President, he gave of his full heart and brain to its management. A great reader and student, he was well informed. His advice and counsel was always founded on basic principles and ideals. Shunning publicity, serving faithfully, living simply, charitable and kind, his life was an example; to be associated with him, a privilege. We extend to his sorrowing family our deepest sympathy in the hour of their great trial.

Theresa Kelly, daughter of Thomas Kelly, now deceased, formerly of Salem, Ohio, is requested to communicate at once, with C. A. Kelly, Sebring, Ohio.

Chassis leader of the day supreme in Beauty too

The New Hudson's distinction in vogue is adding thousands of beauty lovers to the hosts who want its supremely brilliant performance. And all are delighted to find, with all its other economies, a gasoline saving never attained by a car of its weight and size. Any new Hudson owner will be proud to tell you all about this new advantage.

The consistency of Hudson leadership is but the performance of its first principle, resolution and tradition—to always lead in value.

Thus it was the first car at moderate price to give truly great performance—smoothness and reliability—the industry's standard today.

Thus it was the first in the development of American closed cars, and such smart turnouts as the Town Car and Speedster.

The Coach—a Hudson invention—turned the entire industry to closed cars.

The Super-Six principle and its companion invention that turns waste heat

to power, is the most efficient combination in development and transmission of power, within our knowledge.

The engineering and manufacturing resources responsible for these great advancements are expressed again in Hudson's new leadership of mode.

In the beautifully designed and luxuriously finished bodies that feature the new Hudson Super-Sixes the same relation of values obtain as made the Super-Six chassis famous.

To see, examine and ride in the new Hudson Super-Six is to revise your whole knowledge of automobile values.

The First Baptist Church Observe Mother's Day

11:00 A. M.

We call upon every family and member of
our church to unite with us in this holy hour
of thanking God for our Mothers.

A. H. O'BRIEN, Pastor.

HONOR YOUR MOTHER

Attend

First Church of Christ

Sunday, May 13th.

Sunday is Mother's Day. It is beautiful that a day has been set apart in honor of Mother. There is no better way to honor Mother than by attending the church services somewhere. First Church of Christ extends a welcome to all.

MUSIC AND SERMON

A fine Mother's Day program will be given following the Sunday School class period. The sermon will be in keeping of the day. The music will be well chosen and speak the thought of our heart on Mother's Day. The Junior Christian Endeavor will present a special Mother's Day program at 7 o'clock. All mothers are cordially invited.

REMEMBER MOTHER

If you are away from your mother, write her a card or a letter and let her know that you are thinking of her. This will do both you and your mother a world of good.

GOD BLESS OUR MOTHERS!

CERAMIC CITY, SALEM HIGHS ARE FAVORED IN TRACK MEET

County Athletes in Annual Competition in Quaker Town.

150 IN EVENTS

Blue and White Team Loses Two Performers.

East Liverpool and Salem high schools were ruing favorites today as more than 150 athletes from Columbiana county schools assembled at Reilly field, Salem, for the county's 25th annual track and field meet.

As a result of their performances against other schools in preliminary meets thus far, these two rivals, from extreme sections of the county, are expected to fight it out for top honors, although track followers always reserve a place in their predictions for the customary "dark horse."

The Blue and White chances were dimmed to some extent with the announcement today that neither Jimmy Skidmore, dash man, and Bowen, entry in the 220 yard low hurdles and the 120-yard high hurdles, would be able to compete, the former by reason of illness and the latter because of ineligibility.

Count on English, Kirkham, Elmer English, Blue and White sprint star, is counted on for points in the short runs and Frank Kirkham is expected to place high in the discus.

The pole vault will develop into an exhibition in which Lowell Allen and Keith Reosler of Salem will costar. Salem officials are hoping Allen will be able to duplicate his remarkable achievement at Madison, Wis., a week ago when he established a new unofficial world's interscholastic record of 13 feet, one inch. Both Allen and Reosler will compete in the high jump, also.

The preliminary events were run off this morning. Meet officials headed by Referee Davey Williams of Girard, hoped to have the finals completed this afternoon at 4 o'clock.

CHEVROLET PARTY GOES TO FLINT

A delegation of 27 automobile drivers will leave here Monday for Flint, Mich., to drive a fleet of Chevrolet automobiles to East Liverpool for the Trotter-Chevrolet company. A special motor bus, leaving at 8:55 a. m., will carry the party to Detroit, where another bus will be boarded to complete the 70-mile journey to the automobile factory.

Tuesday morning the party will inspect the Chevrolet factory, then drive the new cars to Mt. Clemens, where they will visit the 1245 acre General Motors proving grounds and testing laboratories. Lunch will be served there at noon.

The caravan will leave Mt. Clemens Tuesday evening, arriving in East Liverpool Thursday. All of the new cars will be of the closed type, this being the largest consignment of new automobiles ever to be delivered here at one time. Donald Trotter, vice-president of the Trotter-Chevrolet company, will be in charge of the trip.

DARROW'S PLEA DEADLOCKS JURY

JEFFERSON, O., May 12.—With James Monsene, alleged Warren Ohio bootlegger facing a fourth trial on charges of attempted bribery, Clarence Darrow, famous Chicago attorney, has promised to return to defend Monsene when the date is set for retrial of the case. The jury in Monsene's third trial discharged late Friday after ten hours deliberation.

A disagreement was considered by Darrow somewhat of a victory for Monsene, as twice previously the accused had been convicted on the same charge. However, the conviction was reversed on each occasion.

Olson Champ Orator

(Continued From Page One.)

The paramount thought in his speech was the necessity of young manhood and young womanhood in the United States standing four-square for the fundamental law of the government, and pointing the moral that if this is brought to pass the future of the United States may be considered even more secure than today is the case.

There were approximately 900 men and women present in Music Hall, where the zone finals were presented. It was an attentive audience, and an appreciative one.

Young Olson is going to enter Wesleyan university this fall. His father is a city letter carrier in Worcester, Olson is captain of the debating team at Worcester High and finished second last week in an inter-collegiate debate at Colgate.

Fine Stage Presence.

The boy has a fine stage presence. His deportment is enhanced by his extreme height and his spontaneous gestures which lend just the proper and dignified emphasis to his discussion at the correct moment.

The Ohio representative, Nixon, rated inside the first five, but inasmuch as only the winner and an alternate were chosen, the judges did not carry out their calculations. The judges were Dr. Walter Ranger, head of the department of public education of Rhode Island; James Wright Brown, of Editor and Publisher, a newspaper trade paper, and E. W. Smith, public speaking department of Colgate university.

DOUGHBOY GETS WHITE GLOVES

WASHINGTON, May 12.—The American doughboy steps out today in his new white gloves!

With his smart Pershing cap, regulation rubber heels and doggy white mitts he will present henceforth on parade and ceremonies the world's best-dressed soldier—zip from head to toe.

Quartermaster regulations effective today prescribe the new whites for enlisted men only for ceremonial occasions. The present olive drab uniforms will continue good form for cold weather, and buff leather remains proper for mounted troops.

CLEAR BISHOP F. J. M'CONNELL

Pittsburgh Prelate Exonerated at Kansas City.

KANSAS CITY, Mo., May 12.—Bishop Francis J. McConnell of the Pittsburgh area of the Methodist Episcopal church, was cleared today of all charges made against him by the Rev. George A. Cook of Wilmington, Del.

The general conference of the church in session here almost unanimously voted to pass by all the charges which had been preferred on the grounds of "immorality." The charge did not involve moral turpitude and had grown out of doctrinal dissension beginning when both Rev. Cook and Bishop McConnell were in a seminary.

Bishop McConnell arose before the conference and asked for a vote on the charges and that his name be cleared. Only a few dissenting votes were heard.

Billy Coppel and His Orchestra are Engaged.

Formal opening of Rock Springs park, at Chester, will take place next Saturday.

Virginia Gardens, the park's ballroom, which has been thoroughly renovated, will be open afternoon and evening, with Billy Coppel's orchestra in charge of the music. In the evening of the opening day there will be a fireworks display.

Flower beds have been rebuilt and lawns placed in first class condition. The walks have been widened and refilled. The amusement features have been overhauled and made ready for a busy season.

A new monkey cage has been constructed and many additional refreshment stands, including The Green Lantern at the park entrance, erected. Amusement features include the coaster, airplane swings, dangle, merry-go-round, whip, Custer car, swimming pool and boating lake.

150 BOYS GUESTS AT CAMP REUNION

About 150 boys attended the Y. M. C. A. camp reunion, which was held in the banquet hall of the "Y" at 7:30 o'clock last night. Boys who have attended the "Y" camp in past seasons and those who anticipate camping this summer were guests.

Forty-six camp emblems were distributed. One of the boys, who has won a camp emblem for four successive years, was presented with a watch fob. The program consisted of story and joke telling, stunts and entertainment, followed by refreshments.

The "Y" camp located in Madison township will open for the 1923 season July 9. There will be four camp periods—three for boys and one for girls.

CLEVELAND BAND WINS CONTEST

COLUMBUS, O., May 12.—With the fifth annual Ohio high school band contest, in which Cleveland West Technical hand took first honors, now history, the 11 bands here from every part of the state were this morning preparing for the dress parade to be held here this afternoon.

Second place, in the contest which was finished last night, was given to another Cleveland high school, East High.

Ashtabula Harbor special school's band took third place.

The Fostoria "Blue-Jackets" who have twice won the annual contest, had to be content with fourth place.

Shaw High of East Cleveland was fifth, and Mansfield High, winners of last year's contest took last place.

HOPE FOR TAX BILL VOTE TODAY

WASHINGTON, May 12.—In the face of a lack of interest, that has nearly assumed filibuster proportions, administration leaders today were hoping against hope for a final vote in the senate before nightfall on the \$203,000,000 tax reduction bill.

With enactment of the administration's bill assured through a Republican-insurgent coalition, senators on both sides of the chamber blocked action on the bill.

Final action on the corporation and surtax rates will be followed by passage of the bill, as all other undetermined rates are of minor importance or are not subject to partisan controversy.

grew and each year the business of the shows was highly remunerative. In 1903 the Gentry Brothers combined their two shows and centered their efforts upon the combined organizations, with the results that today's organization is the sum total of their endeavors.

From a one ring dog, pony and monkey circus, the Gentry Brothers today offer a program which for two hours and fifteen minutes fill three rings, while novelties in circus offerings and quality of artists and sawdust celebrities introduced, have brought the show endless commendations and public approval.

Parade Creditable Offering.

The circus parade, one of the events of circus day which has been discontinued by some shows, has not been neglected nor overlooked by the Gentry Bros. They have spent a fortune in equipping this display and with its numerous bands, its calliope, elephants, camels, llamas, zebras, clowns, open and closed dens of wild animals, beautiful hand carved allegorical floats, mounted escorts and people from all parts of the world. The circus parade, traversing the principal streets of town today, was a creditable and very neat, spick and span offering.

The circus performance this afternoon at Patterson Field was greeted by a large audience and judging from the applause it was giving satisfaction. It has many outstanding features, novelties new to circus going patrons and its program is brimming over with features that are really and truly new.

The circus gives its final performance tonight and with doors to the menagerie opening at 7 and the performance starting at 8 o'clock.

TWO PLANES GO TO AID BREMEN

Army Amphibians Hop for Greenely Island.

PORTLAND, Me., May 12.—Two army amphibian planes, enroute from Mitchell Field, L. I., to Greenely island to aid in the rescue of the trans-Atlantic monoplane Bremen, completed the first leg of their long flight today.

They swooped down on the water of Portland harbor at 12:06 p. m. Both planes taxied to the Portland yacht club float, where 250 gallon tanks of gasoline were immediately loaded to the tanks of the Amphibians.

The 350 or more mile flight was without incident.

The weather was ideal, a bright sun shining from a blue sky making possible visibility for many miles.

The loading of gasoline was a half hour task and then the planes were ready for the next leg north, which carries them to Pictou, N. S.

Avert Legal Warfare In Billboard Clash

Council Accepts Owners' Proposal; Later Will Remove Boards When Contracts Close on June 1.

Threatened legal warfare over the erection of a billboard on the "ashpile" at the east end of the Little Yellow Creek bridge, was averted by Wellsville solons, last night, meeting in special session, when they accepted a proposal advanced by the owners of the board.

The billboard owners agree to remove the boards entirely after June 1. Present contracts with advertisers for this particular board will expire on that date, it was pointed out, and to that time would work a hardship on the owners. As a result council agreed to permit the boards to stand until June 10, allowing the extra days for its removal.

The trouble arose Tuesday. The board owners took down a portion of the old board and were planning to

erect it back a distance from the former site in order to permit the building of the temporary street car trestle over the creek. Highland Heights residents filed complaints with the city. Believing that the board would prove a menace to safety of traffic at the point, the city ordered a halt in activities until last night.

Both Mayor Fogo and Director Imbrie, addressing solons pointed out that the city was not considering the problem from a personal standpoint but purely out of regard for the safety of traffic. Before the meeting adjourned the solons also instructed the ordinance committee to prepare legislation governing the erection of billboards in the city limits.

Council also instructed the franchise committee to renew negotiations for a franchise with the Bell telephone company.

WAR VETERAN TO SPEAK HERE

Former Russian Refugee in Local Church Sunday.

Captain C. P. DeHahn, World war veteran, now engaged in work of caring for 35,000 orphans in eastern Europe and western Asia, will deliver an address Sunday morning at 11 o'clock in the Second Presbyterian church, outlining conditions in those regions as he has found them since the war.

Captain DeHahn is a son of the former governor of Kelf. He was educated in the University of Cambridge, England. He served in the Allied cause during the World war. Wounded in action, he was discharged from the firing line and became the chief interpreter with the British Military Mission, being the only man trusted with the secret correspondence between the British war department and the Russian anti-Bolshevik forces.

Later he was compelled to leave Russia as a political exile, spent two years in refuge camps in Constantinople, and finally came to this country and took out his papers of naturalization. His excellent knowledge of the English language, backed by harrowing experiences and a keen, analytical mind, make him one of the most interesting speakers of the day.

A special program will be given in the evening, with "Mother" as the general theme. The program follows:

Prelude by the Sunday School orchestra.

Hymn by congregation.

Reading, "A Mother's Love"—Mildred Dornick.

Quartet, "Mother's Bible," by Junior quartet—Virginia Price, Bonita Metts, Homer Lewis, Robert Russell.

Scripture.

Prayer.

Offertory by Sunday School orchestra. Reading, "A Boy's Tribute to His Mother"—Ronald McLane. Duet, "Mother"—Mrs. Dean Price and Fred Culp. Reading, "Shabby Dad and Mother's Face"—Isabel Hall. Solo, "The Fragrance of a Mother's Love"—Fred Culp. Reading, "Dad, Mother and Me"—Cleo West. Quartet, "When Mother Prayed"—Mrs. Dean Price, Miss Dora Lewis, Dean Price, Fred Culp. Postlude by Sunday School orchestra.

CHURCH PLANS 'MOTHER' MEET

GREAT SIX SEDAN \$1995

IN beauty of line and color, in artistry of finish, in luxury of appointment—the improved Willys-Knight offers everything that wins you to a fine Six.

And still more important, Willys-Knight brings you the unquestioned superiorities of the patented double sleeve-valve engine, acknowledged by engineering experts to be the simplest and most efficient of automobile power plants.

Now, with the introduction of the new Standard Six at a record low price, Willys-Knight's lightning pick-up, sustained brilliance, quick starting and marked economy are available to added thousands of owners.

Experienced motorists who know the velvet smoothness, silent power and rugged stamina of this engine, have been quick to acclaim the finer Willys-Knight as 1928's greatest value.

Willys-Knight Sixes range in price from \$995 to \$2495, in the Standard Six, Special Six and Great Six divisions. Prices f. o. b. factory and specifications subject to change without notice. Willys-Overland, Inc., Toledo, Ohio.

SMOOTHER WITH USE

The patented Willys-Knight engine has no valves to grind, no complicated mechanism of springs, tappets and cams. Its simplicity of design insures results far beyond those obtainable from any other type of motor.

In each cylinder, two sliding sleeves combine with the spherical cylinder head to form a perfectly sealed combustion chamber, effecting high uniform compression at all speeds—and with any gas.

ROAD JOB WILL COST \$89,431

Surveyor Kirk Gives
Figures on Inter-city
Highway.

LISBON, O., May 11.—County Sur-
veyor Lloyd C. Kirk has estimated
that it will cost \$89,431.74 to place a
brick top on the East Liverpool-
Youngstown road between Middleton
and the Cox highway. The estimate
for a concrete top is \$80,161.46. The
road is to be improved for a length
of 2.361 miles.

Bids for this work will be opened
by the state highway department at
Columbus on May 18. Sept. 20 has
been set as the date for the comple-
tion of the contract. This is the only
section of the road in Columbiana
county for which no surfacing contract
has been awarded.

Concrete is now being poured be-
tween Williamsport and Rogers, and
the surfacing of the southern section
in Liverpool township, recently
awarded to Allison-Harris Construc-
tion company of East Liverpool will
be under way within the next few
weeks.

Chandler Funeral.

LISBON, May 12.—The funeral of
Mrs. Martha E. Chandler, who died at
Rocky Glenn sanitarium at McCon-
nellsville Tuesday afternoon was held
at her late home on the Lincoln High-
way, west of Lisbon Friday afternoon.
Interment being made in the Lisbon
cemetery.

Mrs. Chandler was born in Hanover
township Feb. 9, 1899. She is surviv-
ed by her husband Turner Chandler,
her parents, Mr. and Mrs. J. G. Mur-
ray, three brothers and one sister.

Judgment Handed Down.

LISBON, O., May 12.—Judg-
ment by default in favor of the
plaintiff for \$2,400 and interest has
been handed down by Judge Lones in
the foreclosure action filed in com-
mon pleas by the Union Savings &
Loan Co., against Albert E. Pearce
and others. A decree of foreclosure
and order of sale has been entered in
this action by the court.

Receiver's Bond Reduced.

LISBON, May 12.—The court has
ordered a reduction from \$10,000 to
\$5,000 in the bond of E. J. Piero, re-
cently appointed receiver for H. W.
Crubaugh, in the case now pending
wherein John Konecheck is plaintiff.
Crubaugh was formerly in business
in Lisbon under the name of the Cru-
baugh-Chevrolet Co., but his where-
abouts at this time are unknown.

LISBON, O., May 11.—The fiftieth
anniversary of the Columbiana County
Pomona grange was observed today
with an all-day meeting at Midway
grange hall.
Glen Bates, master of Pomona, was
in charge of the afternoon session at
1:30 o'clock, which was opened with
community singing. At the evening
session, at 8 o'clock, the fifth Pomona
degree will be exemplified.

LISBON NOW ON AIR MAIL LINE

LISBON, O., May 12.—Lisbon is now
on the Cleveland-Pittsburgh air mail
line. The town's name has been
painted on the roof of the Masonic
temple in letters 15 feet in height by
the Kiwanis club.

Mail planes are observed flying over
Lisbon daily, the course being south-
east toward the Ohio river.

Court Issues Alimony Order.

LISBON, May 12.—Hoke Carney,
defendant in a divorce action filed
against him recently by his wife,
Doris S. Carney, has been ordered by
Judge W. F. Lones to pay his wife \$50
temporary alimony, and in addition \$5

Rugged motors · like people · "Eat" correctly

Let a Freedom station attendant "prescribe"
the correct fuel for your motor. Like a doctor
suggesting the proper diet, he can suggest the
kind of Freedom Gasoline which will enable
YOUR motor to "feel" its best and to do its
best.

For motors of the high compression type, a
certain kind of Freedom Gas is best. For other
motors, there are other Freedom Gasolines.

Freedom station attendants are well qualified
to make suggestions. They can unbiasedly
prescribe for high compression motors, for
low compression motors, for high speed, for
low speed, and for motors which "knock."

Wellsville Motors Register Third Straight City Loop Win

Huffman is Victor in His Second Start, 7-5

Johnson, Chester School Boy, Gives Way to Kent McConnell in Fifth; Adamson Crashes Out Homer.

Roy Nicholson's Nash Motors at Wellsville last night hung up their third consecutive victory since the beginning of the City League season, with the stocky "Yock" Huffman pitching the club to a 7-5 triumph over Chester and, incidentally, registering his second win of the campaign.

One inning, the fifth, when the Wellsville aggregation shoved five runs across the plate, spelled doom to Chester hopes. The visitors battled gamely to count two in the fourth and three in the fifth but, with the Motors scoring one in the opener on Adamson's home run drive to deep center field and another in the fifth, they were unable to break through.

Johnson, high school lad, started on the mound for Chester, and gave the Motors six sound hits although Pilot Nicholson's outfit laid down a barrage of bunts in the fatal fourth that ruined his chances of victory.

Adamson's homer and a single by G. Wagner constituted the batting attack of the Motors until the fourth when they laid down four more. Johnson finished out the inning but was relieved by Kent McConnell in the fifth and McConnell finished the game. McConnell was brought in to the slab from middle field.

McConnell gave the Motors two hits in the fifth and retired them in order in the sixth.

After Adamson's homer in the first, both teams went scoreless until the fourth when Chester scored a pair and took a one-run lead in their half.

Cebula led off with a single, went to second on McConnell's sacrifice and scored on Connor's single. Connor stole second and went to third on a sacrifice by Jackson. McMath walked and Connors scored a moment later on a passed ball.

Ten men batted in the fifth for Wellsville. Doubles by Rager and Lintner and singles by Edwards and C. Wagner aided the Wellsville cause in this half. Edwards' infield hit was a bunt he beat out. On bunts by Tolbert and G. Wagner, the opposition infield attempted to cut runners off at second and third but failed in each instance. Five runs trickled over the plate before the side was retired.

Chester scored three more in the fifth and at that time lacked one run of knocking the count. Singles by Parsons and McConnell and two consecutive wide throws by Third Baseman Tommy Adamson that pulled Edwards off the bag at first, produced the counters.

Tolbert scored Wellsville's last run in the fifth. He got on when Cebula and Connors cut Edwards, who had singled, off at second. Tolbert advanced a peg on a passed ball and scored on G. Wagner's single to right. Lintner then hit into a double play: Connors, Cebula to Wilde.

Yanks Win Series With Indians; Cards Cop.

By Les Conklin.
NEW YORK, May 12.—Philadelphia today appears to be the only team capable of stopping the New York Yankees from blasting their way to another American league pennant. Cleveland, the West's strongest representative, could take only one of three games from the world's champions.

Timely home runs by Ruth and Gehrig ruined the Indians on successive days. Yesterday Gehrig smacked his fourth circuit clout of the season with the bases full. And the Yanks finally conquered George Uhle, who was rushed to the mound from the bullpen in the ninth. Paschal's unexpected bunt in the ninth with two out tied the score and Meusel's double won the game in the tenth, 7 to 6.

Those amazing Athletics have copied thirteen of their last fourteen starts. Yesterday they kayaked Sam Gray, former Mackman who has been a perfect wow as a St. Louis pitcher and took an 11 to 5 slugfest from the Browns.

In the National league, the St. Louis Cardinals have won five straight. Alexander the great fanned nine men as the Cards nosed out the Phillies, 3 to 2.
The Red Birds have been greatly strengthened by two trades made within as many days. They got George Harper, slugger New York outfielder, and Jimmy Wilson, crack Philadelphia catcher, in exchange for the injured Bob O'Farrell.

With Pitchers Jones, Root, Carlson and Neftin in good shape, the Cubs are likely to surprise the Giants in the series starting today. Yesterday Neftin, the world series hero of other years who failed to make good with the Reds last season, held Brooklyn to five hits and won a 3 to 6 duel from the great Dazzy Vance.
Lucas, the redhead of the Reds, blanked the Boston Braves by a 3 to 0 score. Washington finally trimmed Detroit, 9 to 5, and the Red Sox regained seventh place from the White Sox when Todd's homer put Chicago on the short end of a 4 to 3 count.

MIDLAND SOFT BALL

Wolfe's three-bagger in the third with the bases loaded was sufficient to give the Treadwell nine a strong win over the Midland Business Men yesterday and to tie them with the Order department for first place in the league standing. Score was 7-3.
Kennedy for the Business Men and Alton for the Treadwells each lined out three clean smashes.

Pimlico Winner's Price Cut

Whitney Colt Hits 8 to 1 Mark in Derby Book Today.

By Davis J. Walsh.

NEW YORK, May 12.—Victorian's price for the Kentucky derby, to be run at the classic downs one week from today, has receded like a freshman's chin as a result of some overnight reflection upon his winning performance in the Preakness late yesterday afternoon. The Whitney colt probably was no better than 8 to 1 in the derby book this morning, whereas he was 15 to 1 on the eve of the Preakness and as high as 20 to 1 last week.

He would be held even lower today, if it wasn't for the fact that Reich Count is as low as a snake in a wagon track already and you can't steal the boys in by offering them short money on everything in sight. As it is, the Preakness probably will make the odds lengthen materially on quite a few public choices for the derby and, if you think I don't mean Nassak, Distraction, Brooms, Petee Wrack, Bobasha and kindred disappointments of the Preakness, then you don't give me credit for a one and three-quarter inch clearance above the eyebrows.

Reich Count can't be hammered down any lower than he is but it seems safe to say that the result of the Preakness will serve to make the Hertz horse all the more favorite when they call the derby field to the post.

Victorian proved himself a good colt with the heart to run through the stretch but it would have required a victory by a horse like Nassak, highly esteemed these many weeks, to affect Reich Count's status to any great extent. A Nassak victory would have cemented eastern sentiment in his favor. The triumph of Victorian nearly means that the issue among Reich Count's so-called contenders has been somewhat confused.

What of Toro, for example? This horse might have won the Preakness with a better ride from Ambrose. They will drop his last price, which was 30 to 1, like a discredited relation. Sun Beau was held at 60 to 1 in the last list I got. He should be much shorter today in view of the fact that he ran on the outside throughout the Preakness and yet had something in the stretch. These horses may not go to the derby, of course, but the average muck doesn't know that or he wouldn't be betting against the book.

Strolling Player didn't place, either, but he ran rather forwardly and may be ready to show that he is mastering American racing if and when he gets a chance at the longer distance. He had been cut to 12 to 1 in the books but probably will soar as high as 20 on yesterday's returns. Solace, in the money yesterday, unfortunately isn't entered in the derby. He was interfered with at the break but ran stonily and showed a particularly good stretch run.

Nassak, it is said, was carried wide most of the way but the Sinclair horse was in a contending position when he

In fact, he left some doubt of his ability to go a route. As for Distraction, he showed no inclination to go too far. This pair was 10 to 1 for the derby yesterday morning. That price probably will more than double itself today.

Stolen Idols

A Romance of the Sea
By Frank L. Packard.

His head came up suddenly, and he listened intently. Out of the silence there came the splash of oars, the sound of voices—and the sounds came from the direction of the shore. Scarface! It must be Scarface! Luala, so far as he knew, "was not inhabited. Scarface had seen the burning schooner and was rowing out to her. The shore couldn't be so far away, then, as it had seemed from the schooner's deck. If he had been rowing an hour, and Scarface had been rowing an hour—that was two hours—say, eight or nine miles.

He stood up in the boat and shouted at the top of his voice: "Scarface! Scarface!" A booming voice came back: "Aye! Who's that? Ahoy, there! Ahoy!" And now Verna, too, was on her feet, and clinging to Bob Kingsley's arms. "What is it? What is it?" she cried eagerly. "It's Captain Scarface!" he answered buoyantly. "Keep on calling, or we'll miss each other in the darkness."

The boats drew closer and closer together. And now Bob Kingsley could see that there were two boats, not one, coming toward him. A moment later they were alongside. "Yes, Black Bob it is!" Scarface roared out, as though defying his own amazement. "My word! And little Miss Lyle, too! And—my God!—what's this?" Scarface's position in his own boat had swung him abreast of Mindar Singh.

Bob Kingsley stepped quickly to the after thwart. "Keep quiet!" he said in a lowered voice. "It's Mindar Singh. He's dead. There's no reason for her to know now."

"O right-o!" Captain Scarface gulped in shocked bewilderment. "How'd you get here? Where'd you come from? Not from that vessel afore there was it? We saw her blaze, and started out to see if we could be of any help."

"Yes, that's where we came from," Bob Kingsley answered, and quickly, briefly, sketched the story of what had happened since Captain Scarface had sailed from Singapore. "And," he ended, "I don't think there's any use going out to the schooner now, except to satisfy yourself there's nothing that could have been done. Anyway"—he indicated Mindar Singh's body with a slight movement of his head—"take us into your boat and put some of your men in here. You understand? Then the other two boats can go on out there, if you like, while you take us ashore in yours."

"Right!" agreed Captain Scarface promptly. Bob Kingsley turned to Verna. "We're going ashore in Captain Scarface's boat," he explained. "Some of his men are going to take this one and continue on out to the schooner."

She nodded her head. She seemed very tired, very weary. She stumbled a little as Bob Kingsley half led, half lifted her into the other boat, and seated himself beside her facing Captain Scarface in the stern sheets. The boat separated.

"Taint much use sending 'em, I suppose!" Captain Scarface grunted; "but I'll feel the better for it. Eh?"

"Yes," said Bob Kingsley.

"And now," said Captain Scarface, "you having spun your yarn, I'll spin mine—and I've got some yarn to spin. I made Luala in better'n four days, and found the creek all right. And so up it we goes—Marlow and me and a boat's crew. And there was the crumbled hillside, and the burnt tree! Say the scent was getting hot then! Due west by compass fifty paces, you said. I paced 'em, and I came to a rock flatter's a pancake, and bigger around than a full moon. And under which there was a hole, d'ye see? A hole just big enough so's you could crawl in beneath the rock. This was at the foot of that hillside, you understand, and what had happened was that there'd been a landslide that had carried away a cave that had been in the face of the hill. Boy—Captain Scarface's voice was rising in his excitement—"what we found ain't nothing to what's left! It'll take a week to dig in under all those slithered rocks and the ton or two of earth which is what the cave is at the present writing. But first off, we fished out an iron box the size of a sailor's chest that's worth a king's ransom alone, and what with its gold, and jewels, and ornaments, and diamonds that weren't set, and—"

Captain Scarface came to a stuned and abrupt pause. He became aware for the first time that his audience was not at the moment interested in any such sort of treasure as the one he had been describing. Verna's head was on Bob's shoulder. Bob Kingsley was whispering to her. Neither of them was paying the slightest attention to him.

Captain Scarface cleared his throat.

"I'm damned!" he said.

RADIO BEACONS DANGER TO AIR PILOTS SOLVED

U. S. Bureau Studies

BOON TO FLYING

Antenna Arrangement
Eliminates Shifting
of Course.

WASHINGTON—Night time variations of signals from directive radio beacons, tending to throw airplane pilots off their course have been under intensive study at the United States Bureau of Standards, with the result that this serious aeronautical situation has been solved.

"This shifting of the radio course is due to a distortion that is introduced in radio waves as they travel through the upper atmosphere," the Standards Bureau announced.

"The nature of this distortion has been studied carefully and scientists have been able to analyze it satisfactorily. By using special antenna arrangement for receiving it has been found that these shifts can be practically eliminated."

Long Experiments.
The Bureau carried on experiments in directing airplanes in flight between Cleveland and New York, using the directive radio beacon at Bellefonte, Pa. Shifts or variations in the course were found to exist during the night time which introduced such serious errors that the beacon indications were considered dependable for

distances exceeding fifty miles at night in mountainous territory.

This phenomenal was referred to the Bureau by the Aeronautical branch of the Commerce Department.

"Airplanes heretofore have found it necessary to use long trailing wires for radio antennas in order to collect enough power to operate receiving sets," the statement said. "Such antennas by reason of their hanging down at a slanting angle do not have the necessary characteristics to eliminate the effect of false radio course indications at night."

A new type of antenna consisting of a vertical ten-foot metal pole has been developed by the Bureau of Standards. The use of so short an antenna has been made possible by the development of a new and specialized type of aircraft receiving set.

Boon to Aviation.
"This antenna is expected to be a

great boon to aviation as recent flight tests have indicated that it practically eliminates all errors in the indications of the radio beacon, showing the course where it actually is at all times."

Bureau experts explained that it is probable that there will be special conditions on some of the airways requiring the radio beacons to be spaced closer together than at first contemplated, with corresponding reduction in the power used by each.

At short distances there is no distortion of the course indication. Thus it is expected that the combination of the new antenna with this plan for closer beacon spacing will eliminate these night effects and make the radio beacon an accurate device for air navigation under all conditions.

London, Budapest and Prague have just been connected by telephone.

ANNIE LAURIE'S TIMELY ADVICE

DEAR ANNIE LAURIE:

I went with a young man last year. On my birthday he gave me a silver vanity case. His birthday was just a few weeks after mine and I was unable to give him a present. He has another birthday soon. Would it be proper for me to send him a birthday greeting or not? UNDECIDED.

UNDECIDED: I think it would be most gracious of you to send your friend an appropriate greeting card for his birthday, my dear. By all means, do so.

DEAR ANNIE LAURIE:

Is it true that you have to be independent to keep a boy friend? By that

I mean, do you have to make them believe you have plenty of other "chances" and they are not the only ones? My sister has kept one man almost two years by being independent. But I think he is an exception because I've always tried to be independent and most of my friends lose interest in about four months or in less time than that.

Some of my girl friends date with boys a long time and treat them like angels.

Which is the better way to hold 'em? PERPLEXED.

PERPLEXED: My dear, the easiest way to "keep a boy friend" is to be your own natural self. I am no subscriber to the theory that in order to retain a man's interest it is necessary to lie about your popularity. I think that you will find that most successfully popular girls are always natural, always charming to every one, and always truthful.
